El Dorado Hills Bowmen Member Meeting Minutes
5/2/26 @ Clubhouse

1. CALL TO ORDER: 12:33PM
2. ATTENDANCE: Kayo Shively, Dave McReynolds, Debbie Heise, Jon Leister, James Meyers, Greg Landon, Jeff Summers
3. TREASURER REPORT: Approximately $1,400 was made from our Annual North American Animal 3D Archery Tournament, our largest event of the year. Complete Treasurer report was shared with the board in advance and at the meeting. Annual budget is doing fine.
4. SECRETARY REPORT: More members are joining.
5. OLD BUSINESS:
    1. Member Dinner on hold
    2. 4-H program is working to compy with CSD required insurance requirements
    3. Monthly 3D Shoots are published and on schedule. NOTE: New time is 8AM-12PM
    4. Andrea's Trad Shoot group to begin in May on Thursday's at 5:30PM
    5. Compound Bow Hunter Classes starting soon
    6. CSD Land Use: Kayo met with CSD on Tuesday & the meeting went well. He confirmed all documents for the range are in compliance and were completed & submitted within 5-7 days of CSD request. (Items such as our Instructors being Live Scanned, waivers for all archers onsite etc.) Kayo even suggested that CSD consider implementing "Safe Sport" certification for ALL CSD sports, as we do for USA Archery compliance. The CSD thanked us for keeping the range property in excellent condition.
    7. On going Instructor Equipment: We have a new Level 1 Instructor certification in progress and will have a new Level 3 Instructor by end of Summer (Kayo).
6. NEW BUSINESS:
    1. OLYMPIC ARCHERY: Kayo met with Folsom Lake Community College (FLC) Archery Class within in the Kinseology Department. He met to discuss options of collaborating with them. FLC has 12 round targets on stands, moved via carts on rollers, 30 ILF bows & a variety of arrows etc. Kayo presented that EDHB might use their soccer stadium for Olympic level archery competition (our land is difficult with the slopes and the stadium offers is flat and a better venue for this. FLC might fund the targets and we could co-share proceeds. We are interested in doing this because we have 2 hopeful Olympic archer members and the Olympics are in 2028. FLC also suggested we could partner with California State University, Sacramento campus for their stadium if need be. This was also discussed with CSD in advance when Kayo met earlier this week and they liked it too.
    2. DURABLE TARGETS: Kayo contacted NFAA Council regarding durable targets. The paper targets are thinner consistency and do not hold up well in inclement weather. This costs our club at least $100 each time it is rainy weather, plus time. He asked why NFAA doesn't offer durable targets. World Archery does. Kayo requested something like Duramesh targets. NFAA researched and got back to him and confirmed they do offer Duramesh targets and the requirement is they must be ordered online from their online link.
    3. REVIEW of our annual tournament, the North American Animal 3D Shoot: Registration on-site and online improvements were discussed along with bonus targets for NFAA scoring ease. The tournament went well and we received a lot of good feedback.
    4. RANGE CLOSURE PROTOCOL: Range closure protocol was reviewed. Our goat/weed abatement contract was delayed a month and then we were given 24 hour notice of their arrival. We are required to close the range so as to not invalidate insurance or contract agreement etc. A very few walk in archers were unhappy with this and did not comply. We discussed options to mitigate this in the future since we are a public club and cannot fence in/Lock out the course.
    5. SOCIAL MEDIA PRESENCE: Viewers are going up on our social media sites. Jon is planning to develop a You Tube channel for EDHB.

7. EVENTS:
    1. Workdays are going great. Today's workday was too! 7 attended and a large list of Range items were checked off.
    2. Club Calendar: Classes - CSD Archery Class is 5/9/26, Intro to Archery Class is 5/16/26. Our next Monthly 3D Shoots is 5/16/26 and those now end at 12PM (no longer 2pm
8. MAINTENTANCE/PROJECTS:
    1. ATV & UTV Services are scheduled by Kayo so we are within our service contracts.
    2. Sixteen target butts were delivered and six are already installed on the range.
    3. Goats: Did a great job, though they accidentally did some of the CSD area too, upon arrival.
    4. Maintenance Items
        1. CSD Range (10 & 20 yard practice area) is on the calendar for June
        2. Shade structure plans were re-submitted to CSD so we can get some help this time with architecture.
        3. Workdays - they are going well! Kayo suggests one more in June (6/6/26) then a summer hiatus so volunteers aren't subjected to the heat.
9. Good of the Order: Next meeting scheduled for 6/6/26 at 12:30, immediately following our last Volunteer Workday till Fall 2026.

Meeting adjourned 5/2/26 at 2:03PM
