# El Dorado Hills Bowmen (EDHB)
## Meeting Minutes
## June 6, 2026

This meeting was held at The El Dorado Hills Bowmen Clubhouse, 3021 El Dorado Hills Blvd., El Dorado Hills, California.

1. **Call to Order**
   The Meeting was called to order by President Kayo Shiveley at 12:38 PM.

2. **Attendance**
   The following were present:

   Kayo Shiveley, President
   Jon Lester, Vice President
   Dave McReynolds, Treasurer
   Gregory Dodds, Range Manager
   Gregory Landon
   Jeff Summers, Member-at-Large
   Brandi James, Secretary
   Michael Ramsbotham
   Anthony Morales
   Andreas Schulten
   Paul Ybarra
   Cade Shimek

3. **Treasurer's Report**
   David highlighted the accounts are healthy. Frog donations were up in May with $1086. Class fees brought in $673 in May.

   The goat fees came to approximately $4,000. According to estimated budgets through the end of the year, we should have a $22,000 surplus.

4. **Secretary's Report**
   Brandi mentioned the organization has 220 memberships for the current year. Four new 4-H memberships have been submitted for the $50 family membership coupon since June 1.

5. **Old Business**
   - Members' Dinner – The dinner is still on hold.
   - 4-H- the last session is scheduled for June 7th and they will be returning in the fall. Kayo had to step in during their use of the facility to teach proper technique and safety lessons. He is going to insist that their instructors restart and complete the proper training going forward.
   - Monthly shoots- shoots need to start earlier at 0700 due to the heat.
   - Trad shoots- Currently on hold for planning this free program due to the heat. The trad shoots should start in the fall since they plan to meet after 1700.
   - Compound classes- These classes are currently on hold and will be revisited to schedule closer to hunting season.

- Social media- Debbie has seen large jumps in views with media posts over 1000. A newsletter was discussed to help get regular information out. If future newsletters are utilized, they will likely be quarterly. The board will also have to designate sections of the newsletter to different board members. It was also suggested to find a way to send information out about events more frequently to attract more archers.

  Kayo also mentioned how the board meeting minutes are posted on the website. Anyone wanting to complain about how the club operates should read the minutes and attend meetings.

**6. New Business**

- Shade structure- The planning department is slowing things down for the new shade structure. Kayo has reached out to a specialist dealing with nonprofits and construction projects for assistance. Greg spoke with one of the members who is a general contractor and suggested Kayo reach out to them.
- Inventory- Per the CSD, a full inventory of the facility and equipment has been completed. Greg showed where the inventory list for the 3D targets is. Anything less than $20 was not inventoried.
- Volunteers- Volunteers are still needed. Kayo sent out another email to members and made a poster trying to get more interest in volunteering. Volunteer instructors are needed for future classes.
- The equipment room- Greg went to great lengths to organize the equipment room. It was highlighted that anyone using the equipment for classes needs to return everything where it goes.
- Contact from Grube Family- The backstop removed from the children's lane was removed due to being built in the incorrect place and it quickly became an eye sore with weather. The family is upset due to costs associated with the backstop and wanted to put up a commemorative plaque to honor their loved one on a boulder or something similar. Kayo spoke to the family with an explanation as to why the backstop was removed.
- Credit Card- Greg would like the club to acquire a credit card for the sake of purchasing fuel for the club vehicles and weed whackers. He stated this would assist the club in tracking annual fuel needs, so we don't waste any in the future. We currently have 10 cans of fuel for the weed whackers that have expired, and he wants to avoid this in the future. The discussion will continue with how the clubs should proceed with acquiring a credit card. It was suggested that the club get a card with low limits. Kayo would prefer to continue using an invoice system as much as possible.
- Club insurance- The liability insurance expectations from the CSD have doubled from previous years. The policy was already updated to reflect the CSD needs, and the next policy will begin July 1, 2026, for $6,258. The umbrella policy costs the club $1,754 per year.
- Summer Archery Camps- These camps are completely dependent on availability of volunteer instructors. If we are going to offer a camp, we need to advertise for at least two weeks.
- JOAD- This program needs volunteers

7. **Events**
   - Workdays – The 6/6 workday was a success. There were 11 people who attended.
   - Club Calendar - CSD Try Archery class is 6/13
     - Intro to archery class 6/20
     - Monthly 3D shoot 6/20

8. **Maintenance/Projects**
   - Services to the ATV and UTV were completed, Thanks Greg D. for transporting them.
   - New target butts have been installed.
   - The broadhead range will be relocated in June. It will be expected that people will unscrew the arrowhead and pull the arrow through the target, so the target isn't destroyed due to also pulling the arrows from the target.
   - Target 27 will be moved and 28 will become the new 27 due to the current 27 allowing for arrows to fly past the target and potentially hitting target 18. The club wants to avoid the possibility of injuries.
   - Target trauma was found on 25 and 26 due to cross bows

9. **Good of the Order** – Please notify Greg if anyone notices someone using cross bows. Greg also pointed out the necessity of calling the Sheriff's office and him if anyone witnesses unusual behavior. He recently stopped someone from throwing a knife at a target of a person.

10. **Adjournment** – The next meeting will be held on July 8, 2026, at 6:30pm. Kayo will provide the location of the meeting later. Future workdays will resume in September. Kayo adjourned the meeting at 1:55pm.
